Recommendation for Placement

- Accessories for:
  Apple Home / Samsung SmartThings / Amazon Alexa / Home Assistant / Google Home
- Smart Home Products / Connected Home
- App-Enabled Technology

Selling Points

- Enjoy the convenience of smart shading: upgrade your existing blinds and control them conveniently via voice, app and from afar.
- Effortlessly set automations to open and close your blinds according to your daily routine.
- Automated insulation against heat and cold increases your home's energy efficiency.
- Combine multiple Matter-enabled devices in a scene and control them with a single command.
- Easy installation: The motor slides into the tube of your existing blind, replacing the chain mechanism. Designed to fit tubes with an outer diameter of Ø 1.5-2'' / 38-51 mm.
- Benefit from a more responsive and reliable smart home thanks to Thread technology – all you need is a compatible hub.
- Matter-enabled to allow seamless control of your home across smartphones and voice assistants of all major platforms.
- 100% Privacy: No Eve cloud, no registration, no tracking. Local intelligence and direct communication without bridge or cloud dependency.

Target Group

- Smart Home Buyers
- Technology Enthusiasts
- Builders
- Home automation & control
- iOS / Android Users
