Eve Thermo
Smart radiator valve

Intelligent Heating Management
Heat smart. Save energy.
Reduce costs, increase comfort.

LISTING TITLE
Eve Thermo - Smart radiator valve (Matter, 5th generation)

USPs
- Intelligent Heating Management
- Voice control
- Matter & Thread
- Easy installation
- Highest data privacy

HIGHLIGHTS (PREFERRED USE)
- **App & voice control** - Control your room temperature with ease using your voice, an app or the integrated touch controls, and fine-tune your comfort level on the go.
- **Heating intelligence for comfort and energy efficiency** - Automatically heat based on time or presence, and pause heating while ventilating.
- **Enjoy peace of mind** - All features come without any subscriptions and are designed to protect your privacy without recurring costs or exposing your data.
- **Always in reach** - Benefit from a more responsive, reliable and energy-efficient smart home thanks to Thread technology.
- **Everyone is in control** - Matter-enabled to let the entire family control your home, no matter if they use an iPhone, Android device or call upon Alexa, Siri or Google Assistant.
- **Easy installation** - Get up and running in a flash with quick & easy setup.
- **100% privacy** - No Eve cloud, no registration, no tracking. Local communication without cloud dependency.
- **Requires hub** - Requires latest version of iOS/iPadOS or Android 8.1 (or later) plus a hub of your chosen platform: see www.evehome.com/hub
