Pocket Pro High-Speed Hair Dryer

Portable, professional, powerful, all in one Pocket Pro.

Pocket Pro

High-Speed Hair Dryer

Pocket Pro is a compact, high-performance hair dryer with negative ions and an NTC thermistor for rapid, safe drying. Featuring 5 modes, an unfrizz nozzle, and 2 curling barrels for sleek and curling styles, it's perfect for personal use or gifting and comes with a stylish storage bag.

*5 modes: Cold Air Mode, Warm Air Mode, Hot Air Modes, Hot & Cold Cycling Mode, plus an Instant Cold Air Mode.

Key Features

Compact, Lightweight, Foldable

Pocket Pro, weighing only 300g* (0.66lbs) and featuring a 50mm* (1.96 inches) compact body, folds easily for travel. Its 'N' is for storage, the 'I' form is for curls, and the '7' shape styling is for sleek finishes.

Versatile Attachments for Styling

Enhance styling with versatile attachments, including a sleek finish nozzle, two barrels for defined curls in different directions, a styling nozzle for sleek styling, and a diffuser nozzle enhance natural waves or curls, enabling quick, precise styling without adjusting the dryer.

Quick Dry, Instant Style

Dry short hair in 40 seconds* with Pocket Pro's 110,000RPM* motor. The 70m/s* winds speed up drying and reduce heat damage, ensuring quick style retention after washing.

Negative Ions Care for Your Hair

300,000,000* negative ions/cm³ neutralize static and smooth your hair. These ions seal hair cuticles, leaving your hair smoother, shinier, and less frizz.

*40 seconds: Based on testing on short-length hair in a controlled environment. Actual time may vary depending on the environment and hair texture, thickness, and length.
*Figures in this page are based on tests in Dreame Lab.
