Dreame X50 Ultra Complete

Robot Vacuum and Mop with Auto-Empty and Mop Self-Cleaning

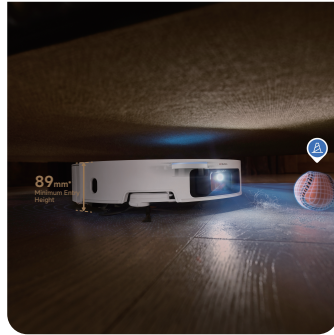

X50 Ultra Complete brings innovation and efficiency to the forefront. This robot vacuum intelligently clears obstacles, navigates under low furniture seamlessly, and tackles tangled hair with all-new technology. Enjoy spotless cleaning with the integrated washboard design and elevate your cleaning experience with cutting-edge technology designed for maximum convenience and performance.

Key Features

Clear Obstacles Like Never Before

The ProLeap™ system ensures your vacuum navigates steps, thresholds, and small obstacles throughout your home. The motorized swing arm lifts the chassis, allowing smooth travel over complex terrains like door sills and steps, allowing uninterrupted and efficient cleaning.

Low-Furniture Cleaning Made Easy

Take control of low spaces with VersaLift navigation, enabling cleaning in hard-to-reach areas. Advanced cameras and intelligent algorithms help the robot vacuum avoid obstacles, making it easy to clean under sofas, beds, and more.

Hyper Clean 100% of Tangled Hair*

Experience superior hair tangle removal with the HyperStream™ Detangling DuoBrush. Its advanced air duct design efficiently clears hair, while both brushes enhance cleaning power with minimal noise, negating the chances of hair tangles and troublesome maintenance.

Streamlined Maintenance for a Lasting Clean

X50 Ultra Complete's AceClean™ DryBoard makes cleaning tasks simple. After washing the mop, the washboard remains spotless without manual scrubbing. Post self-cleaning, a quick wipe reveals minimal residual moisture*, ensuring it stays dry and ready for the next use.

Specifications

Robot Vacuum Dimensions	350 x 350 x 89mm (VersaLift Sensor Retracted) 350 x 350 x 111mm (VersaLift Sensor Lift)
Base Station Dimensions	457 x 340 x 590mm
Base Station Weight	9.09kg
Robot Vacuum Weight	4.53kg
Maximum Suction	20,000Pa
Side Brush Extend	✓
MopExtend™ RoboSwing	✓
Mop Lifting Height	10.5mm
Removable Mops	✓
Battery Capacity	6,400mAh
Dust Bag Capacity	3.2L
Dust Box Capacity	395ml
Clean/Used Water Tank Capacity	4.5L/4.0L

Features

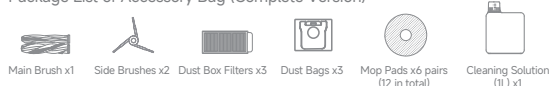

What's in the Box

Package List of Robot Vacuum and Base Station

Package List of Accessory Bag (Complete Version)

*6cm: The gap between steps should be over 4cm. Based on our in-house lab testing. Actual results may vary depending on environmental factors.

*89mm: After opening the VersaLift navigation, the robot vacuum will clean under furniture nearly level with the robot vacuum's body, which may scratch the robot vacuum. Please ensure the furniture bottom and edges are flat and without protrusions before enabled.

*100% Hair Detangling: Based on our in-house lab data. Actual results depend on the environment.

*Minimal residual moisture, mop pad stain removal rate up to 99.9%: Based on our in-house lab data. Actual results depend on the environment.
